REMARKS

This communication is responsive to the Office Action dated May 9, 2000. Applicant has extended the period for response by three months until October 9, 2000. A check for \$890 to cover the extension fee is enclosed, and the Commissioner is authorized to credit any overpayment or to deduct any deficiency from Deposit Account No. 19-2814).

By this response, Applicant has cancelled claims 1-5 and has added new claims 6-20. Fifteen claims (2 independent and 13 dependent) remain pending in this Application. Support for the amendments is found in the Specification and claims originally filed. Applicant submits that the amendments made to the claims are not made for purposes of distinguishing prior art, but rather to more fully claim the invention to which Applicant is entitled. No new matter is added by this Amendment.

The Office Action requested new application papers with clearer spacing. Applicant has provided such papers herewith. The Office Action also rejected the prior claims under 35 USC §§ 102, 103 and 112. In light of the present amendments to the claims, such rejections are believed to be moot. Reconsideration is respectfully requested.

The Examiner is earnestly invited to telephone the undersigned if such would advance prosecution of this Application in any way.

Dated this 9th day of November, 2000.

Respectfully submitted on behalf of

HONEYWELL INC., assignee,
